

Sewing Machine Mechanic

Full time, permanent

39 hours per week

£15.50 per hour (negotiable depending on experience)

We are looking for a suitable individual with a 'can do' and flexible attitude to join our team to achieve these growth plans.

As a Sewing Machine Engineer, you will be working within a busy manufacturing environment as part of a team of specialist engineers, providing engineering support to the Production Department to minimise downtime.

As a valued member of our team, your responsibilities will include:

- Timely repair of defective plant and equipment
- Actively progressing the routine and preventative maintenance program
- Installation of plant and equipment
- Assisting other engineers as required
- Carry out such other duties as necessary to ensure the efficient and effective operation of the Engineering Team.

The ideal candidate must have the following qualifications or experience:

- Proven training and experience of working as a sewing machine engineer
- Experience of working on industrial/commercial sewing machines

You must be well versed in sewing functions such as Lockstitch, Chainstitch, Overlock/Hemming, Zigzag with knowledge of pneumatic and electronic controls and components.

Proven experience of working in an engineering role in a manufacturing environment would be desirable

Working hours will be:

Monday - Thursday	08.00am to 4.30pm (with a ½ hour unpaid lunch)
Friday	08.00am to 3.30pm (with a ½ hour unpaid lunch)

You will be expected to work a reasonable amount of overtime to support production. This is usually 1 to 2 hours each day Monday to Friday plus 4 hours on Saturday morning on alternate weeks

Applications are invited from all sectors of the community. Whatever your age, gender, disability status, sexual orientation, religion, ethnicity or family circumstances, we make it our business to make sure that you are treated with fairness and respect.

Please send your CV to careers@sleepeeze.co.uk

If shortlisted, you will be contacted either via telephone or email to arrange an interview
